Snow White and The Seven Dwarfs

Once upon a time, there was a beautiful castle in a land **far away**.
In the **magnificent** castle there lived the most beautiful queen.

The queen only had one wish to be happy and to have a beautiful baby girl.

It was a cold winter day, the queen was sewing next to the window.

She saw a **shooting star** and made a wish to have a baby girl.

She wished for her baby to have skin as white as snow, eyes brighter than the shiniest **jewel**, and lips
as red as cherry.

The queen wanted her baby to be full of joy and happiness.

And one day the wish of the good-hearted queen came true.
She had a beautiful baby girl and they named her Snow White.

The years went by, the queen became sick and soon after passed away.

After a while, the king remarried another woman.

The new queen had an evil heart.

She was an **arrogant** and **jealous** woman.

Every day the queen would look into her magic mirror and ask "Mirror Mirror on the wall who's the fairest of them all".

The magic mirror would answer "No one your highness, you are the most beautiful one".

The queen would be very happy with the answer.

The years went by fast and Snow White grew up to be a beautiful woman.

One day the queen was in front of her magic mirror and asked the same question.
But this time the mirror answered,
"Well I am sorry but not you dear queen, Snow White is fairest of all."

The queen was angry hearing it.
She immediately called her **hunter** and ordered him to kill Snow White.

The huntsman took her to the forests but he couldn't hurt her.
He asked her to run away from the castle and the evil queen.

In the woods, she found a cute tiny house.

She opened and entered the house.
The house was very small and messy.
Snow White started cleaning the house.
She found seven little beds.
As she was tired from cleaning, she laid on one of the beds and fell asleep.
The Seven Dwarfs came back home from work.

They saw Snow White sleeping in their bed.
She told them about what had happened in the castle.
The seven dwarfs wanted to protect her from the evil queen.

The queen learned that Snow White is still alive and decided to kill her. The evil queen **disguised** herself as an old woman and offered an apple to eat.

Snow White took a bite of the apple and as she did she passed out. Dwarfs, while returning home, saw the evil queen in the disguise of an old woman.

They **chased** her to the top of the mountain. When she reached the mountaintop, she was hit by a lightning bolt and fell off from the mountain and died.

When the dwarfs returned home they saw Snow White lying on the ground.
She was in a deep sleep.
She was **cursed** by the evil queen.
Dwarfs put snow white in a glass box made of most precious jewels and kept the box in the forest.

One day a charming prince came to the woods and found Snow White lying there.
It was love at first sight.
He lifted her and kissed her.
Snow White opened her eyes.
It was the true love's first kiss that broke her curse.
Snow White and the prince returned to the kingdom and lived happily ever after.
