

Vocabulary Words

1. humble (adjective) /'hʌm.bəl/ - Having or showing a modest or low estimate of one's importance.
Example: Despite his success, he remained a humble person, always willing to help others.
2. hatch (verb) /hætʃ/ - To cause eggs to break open, allowing young animals to emerge.
Example: The baby chicks hatched from their eggs in the warm incubator.
3. tyrannical (adjective) /tɪ'ræn.ɪ.kəl/ - Exercising power in a cruel or oppressive way.
Example: The tyrannical ruler imposed harsh laws on the citizens, limiting their freedoms.
4. hone (verb) /hoʊn/ - To sharpen or refine, typically a skill or ability.
Example: She spent years honing her artistic talents to become a master painter.
5. oppressive (adjective) /ə'prɛsɪv/ - Unjustly harsh or burdensome, often referring to authority or conditions.
Example: The oppressive heat made it difficult for people to go about their daily activities.
6. epicenter (noun) /'ɛpɪsɛntər/ - The central point or focus of something, often a significant event.
Example: The earthquake's epicenter was located deep beneath the Earth's surface.
7. bestow (verb) /bɪ'stoʊ/ - To give or present as a gift or honor.
Example: The queen chose to bestow knighthood upon the valiant soldier for bravery in battle.
8. formidable (adjective) /'fɔːrmɪdəbl/ - Inspiring fear or respect through being impressively powerful or capable.
Example: The dragon's formidable presence made even the bravest knights hesitate.
9. impart (verb) /ɪm'pɑːrt/ - To convey or communicate information or knowledge.
Example: The wise elder sought to impart valuable lessons to the younger generation.
10. intensify (verb) /ɪn'tɛnsɪˌfaɪ/ - To become or make more intense, stronger, or extreme.
Example: As the storm approached, the winds began to intensify, signaling an imminent downpour.
11. alliance (noun) /ə'laɪəns/ - A union or association formed for mutual benefit, especially between countries.
Example: The two nations entered into an alliance to strengthen their economic and political ties.
12. culminate (verb) /'kʌlmɪˌneɪt/ - To reach the highest point or final stage.
Example: The months of preparation will culminate in a grand celebration.
13. climactic (adjective) /klaɪ'mæktɪk/ - Pertaining to the most intense or decisive point in a series of events.
Example: The climactic battle determined the fate of the entire kingdom.

Eragon (2006)

In the **humble** village of Carvahall, a farm boy named Eragon discovers a mysterious dragon egg. When the dragon **hatches**, Eragon realizes he is the last of the Dragon Riders, destined to stop the **tyrannical** King Galbatorix. Guided by Brom, a wise storyteller, and accompanied by his loyal dragon, Saphira, Eragon embarks on a perilous journey to learn the ways of the Dragon Riders and fulfill his destiny. As Eragon **hones** his newfound abilities, he faces challenges that test his courage and determination, leading him to become a key player in the fight against the **oppressive** king.

Eragon's journey takes him from the peaceful life of a farm boy to the **epicenter** of a battle for freedom. Throughout the story, he grapples with the responsibilities and powers **bestowed** upon him, gradually transforming into a skilled and **formidable** Dragon Rider. As Brom **imparts** ancient knowledge and Saphira becomes a loyal companion, Eragon learns the importance of friendship, loyalty, and sacrifice in the face of adversity.

The conflict **intensifies** as Eragon discovers a rebellion against King Galbatorix, and he becomes a symbol of hope for those seeking liberation. The story unfolds with battles, magical encounters, and the development of **alliances**, **culminating** in a **climactic** confrontation that will determine the fate of the kingdom. Eragon's journey from an ordinary farm boy to a heroic figure mirrors the classic hero's journey, complete with challenges, mentorship, and the ultimate quest for justice.
